

In the most dishonest campaign ever, it is morally wrong to air a broadcast that is biased, NOT news, and aired to express a political viewpoint of a licensed U.S. media outlet!

It is time to stand up and be counted as solidly in the corner of truth -- to take this opportunity, in the face of such deceit, to demand honesty!!!

What ever became of values??? Our Congress can not hide from this issue -- it is time to stand for something important to our democracy!

God forbid that this election year scenario be repeated! It is a total travesty of justice and demands immediate attention!
